RAILWAY RATES.

The Canadian Pacific Railway The Canadian Pacific Kailway Company has done a generous act to the peoyle of Alberta. By the new schedule of rates which went into operation on February Ist., the company has made a sweeping reduction in freight rates on live stock and farm produce between Alberta and Kootenay points. The reduction is greater than anybody in Alberta ever asked for or ex-pected and it is all the more welin Alberta over asked for over peetet dand it is all the more vedecame and appearated on that account A comparison of the new rates with those in force a year ago were abent a hundred peeter. A comparison of the new rates with those that have been the content of the new rates with those that have been the content of the new rates of the new rates of the new rates of the new rates with those and a binder of the new rates of the ome and appreciated on that count. A comparison of the new

THE CONFIDENCE TRICK | THE CHURCH OF ENGLAND

Daringthel Pesidential campaign in the United States, an awful picture was held up before the isotrorite, and the United States, an awful picture was held up before the isotrorite declarate, displaying in vivid colours the terrible results which was promised as the control of the Church and Ingenie which would not be the course of the Church and Ingenie which would not be the course of the Church and Ingenie which would be consider the matter, given in the church and nearth the trium; in of homest pay for homest labour, and to consider the matter, given in the control of the Church and Ingenie which would not be considered the matter, given in the control of the Church and Parliament was to corre everything, and to cause a revival of Unsiness hitbreto unprecedented. Unfortunately, this prophets are as usual astray in proports rorm to United States the prophets are as usual astray in the course of the course

The quarantine regulation of was entered into between Can-the United States to prevent and of disease in stock between countries, enforcement of these regu-was found that it almost cut ade in cattle between the two

ran pauro a souter head.

ect we will have a of buyers for our American buyers t steers and shiper the roads and which they bole full find their agents

The C. P. R. adjusted freight value the tween Alberta and the Kooten will give general satisfaction. The new tariff went into operation on Fernary let.

A. ALLAN & CO.

The Bargain House of Calgary.

The IBEX Mining and Development co. ... Of Slocan:

Incorporated under "Companies Act, 1890, and Amending Acts," British Columbia.

Capital Stock \$300,000.

Divided Into \$1,200,000 Shares of the Par Value of 25 Cents Each Shares \$25,00 Per Hundred. No order for less than 100 shares accepted. Stock may be secured by depositing with agent \$6.25, 25 per cent on each hundred shares, the balance being payable in 30 days. Principal offices at Kaslo, British Columbia. Mines at Whitewater, British Columbia.

Extracts from report by Wm. J. Trethewey, Mining Engineer, made before the property was acquired by the Company: "The Brennand Group embraces three mineral claims, viz: The 'Bex,' Triangle' and 'Liddesdale, located under the existing laws of 1891, consequently they are 1,500 feet long by 600 feet wide. The exploration so far, consists of a series of open cuts along the outcrop of the vein, at intervals of from 20 to 100 feet. In all of these the vein shows strong and prominent, from 19 inches to 36 inches wide, of well mineralized vein material, carrying throughout for a distance of 200 feet, from 6 inches to 18 inches of clean galena that gave from average samples taken 85.2 ounces silver, 7.4.4 per cent lead, per ton of 2,000 fbs. Slected samples returned 270.1 ounces silver, and 68 per cent lead per ton of 2,000 fbs. If it were permissable to make an estimate (conservative) of the quantity and value of shipping ore in sight it would be safe to say 500 tons."

of shipping over in sight it would be safe to say 500 tons."

Note: Since securing the Bremand Group, an adjoining claim, named the "Gilt-Edge," L500 feet by L500 feet has been acquired by the Company, on which is water power sufficient to operate a 200 total-dily output consentration the year round; also an abundance of timber for fact, long any observation of the propose of the school of the L500 feet and school of the L500 feet and school of the school of t
